

## Form for changing the registered holder of a .nl domain name

### Registrant

(company) name<sup>1</sup>

address (no PO box)

postcode, town and country

registrant of the domain name .nl

hereby declares his wish that the registered registrant of the specified .nl domain name should be changed to the following:

(company) name<sup>1</sup>

address (no PO box)

postcode, town and country

The new registrant declares that a 'Registration Contract for a .nl Domain Name' has been completed, signed and submitted to the relevant registrar, together with the necessary administrative data.

date

signed on behalf of the existing registrant

name signer

signer declares hereby to be authorized to act on behalf of the existing registrant.

signature on behalf of the new registrant

name signer

signer declares hereby to be authorized to act on behalf of the new registrant.

If the new registrar wishes to move the .nl-domain name to a registrar other than the registrar who acts for the existing registrant, the new registrant should additionally complete a 'Form for the relocation of a .nl-domain name to an other registrar'. The existing registrant should inform the existing registrar of the intention to relocate the name in question and should cancel the agreement with the existing registrar in the prescribed manner.

Please submit this form to your registrar (provider), who will submit the changing request to SIDN.

<sup>1</sup> If the registrant is a company, the full company name, as given in the Trade Register should be given. If the registrant is a natural person, the initials and surname should be given.
