Party II, 'SIDN': the Netherlands Foundation for Internet Domain Name Registration (Stichting Internet Domeinregistratie Nederland), with its registered office in Arnhem

Parties agree as follows:

1. If it receives a correctly formulated application for the registration of a .nl domain name through one of its registrars, and if the domain name in question is at that time available for registration, SIDN will add the domain name to the .nl zone file for the registrant.
2. The registrant is thereafter free to make use of the registered domain name, provided that this does not infringe the rights of any third party.
3. This contract is governed by the 'General Terms and Conditions for .nl Registrants' and by the associated procedures, which are published at www.sidn.nl. The registrant has read the said terms and conditions and accepts that they apply to this contract.
4. The registrant accepts that Dutch law and the 'Regulations on the Arbitration of Disputes Concerning .nl Domain Names', as published at www.sidn.nl, will apply to any dispute that may arise with regard to the domain name. The registrant also agrees to be bound by the decision of a Dutch court of law, in the event of a third party referring any dispute that may arise with regard to the domain name to such a court.
5. The registrant declares that the administrative contact person named in the application is entitled to represent the registrant. The registrant also accepts that communications addressed to the administrative contact person at the administrative contact e-mail address may be deemed to have reached the registrant.
6. The person who signs this registration contract on the registrant's behalf declares that he or she is entitled to apply for the domain name on the applicant's behalf.
7. Any amendment to this document is valid only if explicitly accepted by both parties.
